Who We Are

We are Each Other Care; we own and manage care homes across the Lancashire, Yorkshire, and Essex regions. Our homes provide residential, dementia, respite, and day care services for older people and those with complex nursing needs.

We are a family-owned company with a team that dedicates their lives to caring for people and their families, with compassion, empathy, and dignity at the heart of what we do.

About Brierfield House

Brierfield House is a place people can call home with an experienced team who support the physical, mental, and overall wellbeing of all those they care for. We provide residential, dementia, palliative and respite care for older people. The home cares for up to 40 residents and is run by an experienced and considerate care team.

We support individuality and independence in all residents and provides a safe environment to socialise, build relationships and enjoy life every day.

“Our home is a place where people thrive, we look after all their care, personal and social needs. Everyone who enters our home is treated as an individual with their needs and wishes respected and encouraged to become part of the wider Brierfield House community.”

Life at Brierfield House

Our team strives to make every day at Brierfield House a happy one filled with meaningful experiences, whether relaxing in the garden or lounge or socialising and enjoying the activities available.

Our rooms are bright and well equipped; every room is ensuite and has plenty of closet space, TV point, WiFi, and a 24- hour call bell.

Our on-site chefs cater to residents' needs and tastes serving a choice of delicious meals for breakfast, lunch, and tea, with snacks available throughout the day. We can also cater to special dietary requirements.

“Our home is a safe and caring place to live, providing everything needed for daily living.”

“There is always something to do with activities that support, mental, physical and social wellbeing.”

At Brierfield House, people can enjoy our lovely private garden area with summerhouse, patio and outdoor seating areas.

We have many well-furnished communal areas where people can spend time together or enjoy the activities that happen within the home. We also have quiet areas, an indoor garden and space to relax.

Mental health and wellbeing are important, our dedicated activities team ensure that activities and events arranged are physical, social, and mentally stimulating, with individual needs and interests are taken into consideration.

Types of Care

Residential Care

Our 24-hour residential care is offered to older people who no longer want to or can live in their own homes. Assistance is given with basic needs such as washing, dressing, meals, and healthy living. Our team makes sure people feel settled and supported throughout their time with us.

Dementia Care

We understand the challenge of living with dementia and, we ensure people feel supported, relaxed, and happy in their new home. We take the time to get to know and understand the individual, their likes and dislikes, and enable them to build friendships in a safe and supported environment.

Palliative Care

Palliative care, which includes end-of-life care, is support for people with a life-limiting illness to relieve their symptoms and improve their quality of life. We understand that this can be a sensitive time, which is why our caring and compassionate teams offer support to residents' loved ones and friends, providing advice or an opportunity to talk.

Respite Care

Short stay breaks and respite care is available to people who are cared for in their own homes. Respite care allows families or carers to have a break from their loved one's caregiving responsibilities. This type of care is also an option if recovering after a hospital stay.

“Our secure dementia unit supports people throughout their journey, whether early stage or with more complex needs.”

About our Service

We understand how challenging a decision it can be to go into assisted care, whether for yourself or a loved one. At Brierfield House, our team is trained in advising and offering the best support and, we'll give you all the information you require to enable you to make the best decision for you and your loved ones.

We offer tours of our homes where you can speak to our people and understand the quality of care we offer, and we are always here to answer any questions you may have.

Fees and Assessment

During the pre-admission assessment, we will identify the level of care required. Our fee proposal is dependent on this assessment and the choice of room available. We accept both self-funded and local-authority funded residents. For local authority-funded residents, 3rd party top-up fees may apply. For further information on fees and funding, please contact the home directly on weekdays between 8.30am - 4.30pm.

Standard and Additional Services

Our standard service weekly fee covers care planning and delivery, accommodation and utility costs, all meals plus additional snacks and beverages, housekeeping and laundry, access to free WiFi, access to all communal areas and facilities, and in-home activities. Additional services not covered within the weekly fee may include hairdressing, chiropody, toiletries, assisted travel to appointments, and in-room telephone line.

Care Planning

Everyone living within the home has a personalised care plan created specifically to their needs and thoughts. These plans are regularly reviewed and updated, with the involvement of residents and their representatives.

Positivity in Ageing

In the older care sector, we look at ageing differently to most here are a few of our favourite quotes about the positivity of getting older.

“There is a fountain of youth: It is your mind, your talents, the creativity you bring to your life and the lives of people you love. When you learn to tap this source, you will truly have defeated age” – Sophia Loren

“Wrinkles should merely indicate where smiles have been.” – Mark Twain

“Old age is not a surprise, we knew it was coming – make the most of it. So you may not be as fast on your feet, and the image in your mirror may be a little disappointing, but if you are still functioning gratitude should be the name of the game.” – Betty White

“Beautiful young people are accidents of nature, but beautiful old people are works of art” – Eleanor Roosevelt
