Who We Are

We are Each Other Care; we own and manage care homes across the Lancashire, Yorkshire, and Essex regions. Our homes provide residential, dementia, respite, and day care services for older people and those with complex nursing needs.

We are a family-owned company with a team that dedicates their lives to caring for people and their families, with compassion, empathy, and dignity at the heart of what we do.

About Highfield Hall

Highfield Hall is a warm and supportive home providing residential, nursing, dementia, and respite care for older people. The home cares for up to 75 residents and is run by an experienced and considerate care team with qualified nurses and a support team who provide care for those with complex medical needs.

We support individuality and independence in all residents and provides a safe environment to socialise, build relationships and enjoy life every day.

“Highfield Hall is a great place to live and work, with an environment where people thrive. We treat everyone as an individual and provide only the highest level of care. Whether with us for a short break or long-term care, every resident is treated with respect and encourage to be part of the community.”

Life at Highfield Hall

Our team strives to make every day at Highfield Hall a happy one, whether relaxing in the lounge or socialising and enjoying the activities available.

Our rooms are bright and well equipped; every room is ensuite and has plenty of closet space, TV point, WiFi, and a 24-hour call bell.

Our on-site chefs cater to residents' needs and tastes serving a choice of delicious meals for breakfast, lunch, and tea, with snacks available throughout the day. We can also cater to special dietary requirements.

“The heart of our home is the people who live here and the experienced care team who support them.”

“Highfield Hall is a place like home where people feel safe and well cared for.”

At Highfield Hall, people can enjoy our lovely outdoor space with lawns, patio, summerhouse, greenhouse and sensory garden.

We have many well-furnished communal areas where people can spend time together or enjoy the activities that happen within the home. We also have quiet areas, a library, a resident’s bar and a sensory room to encourage a sense of calm.

Mental health and wellbeing are important, and we ensure that activities and events arranged are physical, social, and mentally stimulating with individual needs and interests taken into consideration.

Types of Care

Residential Care

Our 24-hour residential care is offered to older people who no longer want to or can live in their own homes. Assistance is given with basic needs such as washing, dressing, meals, and healthy living. Our team makes sure people feel settled and supported throughout their time with us.

Nursing Care

Nursing care is similar to residential care, but with a team of qualified nurses to give 24-hour support to people with a medical condition. Our nursing team is supported by local GP's and other healthcare professionals, making sure they receive the very best standard of care tailored to individual needs.

Dementia Care

We understand the challenge of living with dementia and, we ensure people feel supported, relaxed, and happy in their new home. We take the time to get to know and understand the individual, their likes and dislikes, and enable them to build friendships in a safe and supported environment.

Respite Care

Short stay breaks and respite care is available to people who are cared for in their own homes. Respite care allows families or carers to have a break from their loved one's caregiving responsibilities. This type of care is also an option if recovering after a hospital stay.

“Our nursing care offers support for those with complex care needs and is ran by a team of fully qualified nurses and support team.”

About our Service

We understand how challenging a decision it can be to go into assisted care, whether for yourself or a loved one. At Highfield Hall our team is trained in advising and offering the best support and, we'll give you all the information you require to enable you to make the best decision for you and your loved ones.

We offer tours of our homes where you can speak to our people and understand the quality of care we offer, and we are always here to answer any questions you may have.

Fees & Assessment

During the pre-admission assessment, we will identify the level of care required. Our fee proposal is dependent on this assessment and the choice of room available. We accept both self-funded and local-authority funded residents. For local authority-funded residents, 3rd party top-up fees may apply. For further information on fees and funding, please contact the home directly.

Additional Services

We can provide several services that may not be covered within the weekly fee. These may include hairdressing, chiropody, toiletries, assisted travel to hospital/appointment, dry cleaning, private in-room telephone line and satellite TV.

Care Planning

Everyone living within the home has a personalised care plan, which is created specifically to their wishes and needs. These plans are regularly reviewed and updated, with the involvement of healthcare professionals and family representatives.

Positivity in Ageing

In the older care sector, we look at ageing differently to most here are a few of our favourite quotes about the positivity of getting older.

“There is a fountain of youth: It is your mind, your talents, the creativity you bring to your life and the lives of people you love. When you learn to tap this source, you will truly have defeated age” – Sophia Loren

“Wrinkles should merely indicate where smiles have been.” – Mark Twain

“Old age is not a surprise, we knew it was coming – make the most of it. So you may not be as fast on your feet, and the image in your mirror may be a little disappointing, but if you are still functioning gratitude should be the name of the game.” – Betty White

“Beautiful young people are accidents of nature, but beautiful old people are works of art” – Eleanor Roosevelt
