# Life at Ladyville Lodge

Our team strives to make sure everyone living within our home is able to live life as they wish, whether relaxing in the lounge or socialising and enjoying the activities available.

Our rooms are bright and well equipped; every room is ensuite and has plenty of closet space, TV point, WiFi, and a 24-hour call bell.

Our on-site chefs cater to residents' needs and tastes serving a choice of delicious meals for breakfast, lunch, and dinner, with snacks available throughout the day. We also cater to special dietary requirements.

*“Our nurses and care team treat everyone as an individual, support them in whatever way they need.”*

*“Off the beaten track, Ladyville lodge is a peaceful and safe home surrounded by lovely scenery.”*

At Ladyville Lodge, people can enjoy our lovely outdoor space with lawns, patio, and seating area.

We have many well-furnished communal areas where people can spend time together or enjoy the activities that happen within the home. We also have communal dining areas and quiet spaces for residents to maintain their privacy.

Mental health and wellbeing are important, and we ensure that activities and events arranged are physical, social, and mentally stimulating with individual needs and interests taken into consideration.

# *Types of Care*

## *Residential Care*

Our 24-hour residential care is offered to older people who no longer want to or can live in their own homes. Assistance is given with basic needs such as washing, dressing, meals, and healthy living. Our team makes sure people feel settled and supported throughout their time with us.

## *Nursing Care*

Nursing care is similar to residential care, but with a team of qualified nurses to give 24-hour support to people with a medical condition. Our nursing team is supported by local GP's and other healthcare professionals, making sure they receive the very best standard of care tailored to individual needs.

## *Dementia Care*

We understand the challenge of living with dementia and, we ensure people feel supported, relaxed, and happy in their new home. We take the time to get to know and understand the individual, their likes and dislikes, and enable them to build friendships in a safe and supported environment.

## *Respite Care*

Short stay breaks and respite care is available to people who are cared for in their own homes. Respite care allows families or carers to have a break from their loved one's caregiving responsibilities. This type of care is also an option if recovering after a hospital stay.

*“Our nursing care offers support for those with complex care needs and is ran by a team of fully qualified nurses and support team.”*

# *About our Service*

We understand how challenging a decision it can be to go into assisted care, whether for yourself or a loved one. At Ladyville Lodge our team is trained in advising and offering the best support and, we'll give you all the information you require to enable you to make the best decision for you and your loved ones.

We offer tours of our homes where you can speak to our people and understand the quality of care we offer, and we are always here to answer any questions you may have.

## *Fees & Assessment*

During the pre-admission assessment, we will identify the level of care required. Our fee proposal is dependent on this assessment and the choice of room available. We accept both self-funded and local-authority funded residents. For local authority-funded residents, 3rd party top-up fees may apply. For further information on fees and funding, please contact the home directly.

## *Additional Services*

We can provide several services that may not be covered within the weekly fee. These may include hairdressing, chiropody, toiletries, assisted travel to hospital/appointment, dry cleaning, private in-room telephone line and satellite TV.

## *Care Planning*

Everyone living within the home has a personalised care plan, which is created specifically to their wishes and needs. These plans are regularly reviewed and updated, with the involvement of healthcare professionals and family representatives.

# Positivity in Ageing

In the older care sector, we look at ageing differently to most here are a few of our favourite quotes about the positivity of getting older.

*“There is a fountain of youth: It is your mind, your talents, the creativity you bring to your life and the lives of people you love. When you learn to tap this source, you will truly have defeated age”* – Sophia Loren

*“Wrinkles should merely indicate where smiles have been.”* – Mark Twain

*“Old age is not a surprise, we knew it was coming – make the most of it. So you may not be as fast on your feet, and the image in your mirror may be a little disappointing, but if you are still functioning gratitude should be the name of the game.”* – Betty White

*“Beautiful young people are accidents of nature, but beautiful old people are works of art”* – Eleanor Roosevelt
